1.5.3 It is the responsibility of each individual entrant/driver to obtain the Regulations for and to enter each round of the Championship.

1.5.4 Registration in this Championship does not imply nor guarantee acceptance of an entry for any event.

#### 1.6 Scoring;

1.6.1 Scoring will be based on position in class, as detailed in these regulations.

1.6.2 At all Championship rounds, scoring will be based on 2nd place in each class being awarded 100 points (all LDMC rounds 105 points). All other places in the classes will be calculated on a percentage of the second place time, up to a maximum of 104 points (all LDMC rounds 109 points).

For example;

Class position.	Time.	Points awarded.
1	50:12	101:08
2	50:66	100:00
3	52:46	96:57
4	52:93	95.71
1	45:78	104:00 (max)
2	49:01	100:00
3	49:45	99:11
4	50:04	97:94

If there is only one entry in any class, the points awarded for

completing a timed run will be 99 points. (LDMC rounds 104 points).  
If there are two entries in a class, the maximum points awarded to the class winner shall be 101 points. (LDMC rounds 106 points)

1.6.3 If the organisers of a Championship round merge classes, then the points awarded to the Championship drivers will be calculated as if they had not been merged.

1.6.4 To determine the Championship placings, points scored in the Championship will be calculated from the driver's best 10 rounds of the 18 events.

1.6.5 If any particular event is cancelled, the Championship co-ordinator in accordance with Section A 68 of the 2009 MSA Year Book, reserves the right to nominate a substitute event, providing that there are enough available places for Championship Contenders and that there is sufficient time for notification (min. 6 weeks). Alternatively, the qualifying Championship rounds will be reduced to 9 out of 17, and so on.

1.6.6 At the conclusion of the Championship, if a tie exists, the final placings and awards will be determined by the following criteria;

(a) The driver with the highest number of class wins from the lowest number of events will be awarded the higher placing.

(b) If a tie still exists, then all the timed run scores, at the last event of the season, of the drivers involved, will be added together to give an aggregate score, as a percentage calculated against the class winning time.

N.B. 'All the timed runs' means; the number of timed runs, offered by the Clerk of the Course on the day, to qualify towards the event results. All the timed runs must be taken, otherwise the driver who does not take a run, for whatever reason, will be excluded from the tie decider. The drivers involved will be those drivers who are in a tied position in the Championship final results. The last event of the season is the LDMC Anglesey round on October 11th. If this final round were to be cancelled, or if only one timed run was possible, due to circumstances beyond the control of the event organisers (LDMC), then the scores from the previous completed event would be used to decide the tied results. 'An aggregate score, as a percentage calculated against the class winning time', is to be used as a measure of a competitors consistency and the higher Championship placing will be

awarded to the driver with the lowest aggregate score percentage. The base score will be 200 points for 2 runs, 300 points for 3 runs, 400 points for 4 runs etc., dependant on the number of timed runs allocated by the Clerk of Course on the day.

For example;

DRIVER A; (1st in class)

Winning time; 50:21s, Other timed run; 51:31s, calculated aggregate;  $50:21+51:31$  divided by 50:21, scores 202:19%.

DRIVER B; (1st in class)

Winning time; 46:40s, Other timed run; 48:63s, calculated aggregate;  $46:40+48:63$  divided by 46:40, scores 204:81%.

In this instance DRIVER A would be awarded the higher Championship placing, by using the tie decider calculations.

1.6.7 An appeal against points awarded (or not awarded) in the Championship, must be lodged with the Championship co-ordinator within seven days of the first publication of the points under dispute, in any official document (Championship results, Club website and or Club bulletin).

1.6.8 Championship score updates will be issued to all contenders, by post, after every 4 rounds. They will be published and updated from time to time on the Club website and be included in the Club bulletin. Final results and placings in the Championship will be issued no later than 30th October 2009.

## DECLARATION

I declare that I have been given the opportunity to read the General Regulations of the Motor Sports Association and, if any, the Supplementary Regulations for this Championship and agree to be bound by them. I declare that I am physically and mentally fit to take part in the Championship and am competent to do so. I acknowledge that I understand the nature and type of the competition and the potential risk inherent with motor sport and agree to accept that risk. Further I understand that all persons having any connection with the promotion and/or organisation and/or conduct of the Championship are insured against loss or injury caused through their negligence.

**State your age if under 18.....**

I declare that to the best of my belief the driver(s) possess(es) the standard of competence necessary for a Championship of the type to which this registration relates and that the vehicle entered is suitable and roadworthy for the Championship, having regard to the courses and the speeds which may be reached. I understand that should I at any time during this Championship be suffering from any disability whether permanent or temporary which is likely to affect prejudicially my normal control of my vehicle, I may not take part unless I have declared such disability to the ASN which has, following such declaration, issued a licence which permits me to do so.
